

Time	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday					
8:00												
8:30												
9:00												
9:30			OENG1118 Lecture 2 (Sustainable Engineering Practice and Design) March 3rd – 30 th April 14 th – May 26 th (9:30-10:30)									
10:00												
10:30												
11:00												
11:30												
12:00	Study or assignments/projects (12:00 – 14:30)	Study or assignments/projects (12:00 – 14:30)	Study or assignments/projects (10:30 – 18:30)	Study or assignments/projects (12:00 – 20:00)	Study or assignments/projects (11:00 – 20:00)							
12:30												
13:00												
13:30												
14:00												
14:30	OENG1118 Lecture 1 (Sustainable Engineering Practice and Design) March 1 st – 29 th April 12 th – May 5 th (14:30 – 15:30)	EET1368 Practical (Advanced Control System PG) March 16 th March 30 th April 20 th May 4 th May 18 th (14:30 – 16:30)										
15:00												
15:30	Study or assignments/projects (15:30 – 20:00)	Study or assignments/projects (16:30 – 20:00)						EET1368 Lecture 1 (Advanced Control System PG) March 11 th March 25 th				
16:00												
16:30												
17:00												
17:30												
18:00												
18:30												

19:00			(Advanced Mechatronics System Design) March 3rd – 30 th April 14 th – May 26 th (18:30 – 19:30)	April 15 th April 29 th May 13 th May 27 th (17:30 – 19:30)		
19:30			Reviewing if brain cell still works (19:30 – 20:30)	OENG1116 Tutorial 1` (Modelling and Simulation) March 25 th – April 1 st April 15 th - May 27 th (19:30 – 21:30)		
20:00						
20:30					Make music (Optional) (20:00 – 00:00)	
21:00						
21:30						
22:00						
22:30						
23:00						
23:30						
0:00:00
